Career Exploration Guide for Financial Services

Career Exploration Guide

In today's world, the open employment market is becoming increasingly competitive, and for persons with disabilities, finding suitable employment opportunities can be particularly challenging. In response to this, there is a growing need for initiatives that aim to bridge the gap between persons with disabilities and the open job market and enable them to explore potential career opportunities. This objective is also in line with the EMP2030 target employment rate of 40%.

The current Singapore SkillsFuture (SSG) Skills Framework is designed for persons without disabilities, and our 'Career Exploration Guide' has been developed by referencing and adapting the SSG SFw Critical Core Skills (CCS) and aligning them with the Enabling Skills and Competencies Framework (Persons with Disabilities). Furthermore, the 'Career Exploration Guide' also offers a list of potential workplace challenges and corresponding accommodations that can assist individuals with disabilities in their employment.

By doing so, we hope to provide persons with disabilities with a more comprehensive and relevant skills framework to support their **job search and career development**.

The Assistive Technology Fund (ATF) is a valuable resource for Singaporeans with disabilities, designed to empower and support their journey towards independent living. With subsidies covering up to 90% of costs for essential assistive devices, capped at \$40,000, the ATF is committed to enhancing the quality of life for persons with disabilities. Whether it's for acquiring new technology, replacing old equipment, or making necessary upgrades, the ATF stands as a beacon of hope, ensuring that financial constraints do not hinder access to tools that facilitate autonomy in daily activities. If you or someone you know could benefit from this program, consider the ATF as your partner in navigating the path to independence and self-reliance.

Enabling Employment Credit (EEC)

Ministry of Manpower | Enabling Employment Credit (EEC)

The Enabling Employment Credit (EEC) is a government initiative designed to encourage employers to hire Persons with Disabilities (PwDs). Firms employing PwDs who have been out of work for at least 6 months will receive enhanced support. This is in addition to the existing wage offset for all PwD employees earning below \$4,000/month. With the EEC, employers can become champions of diversity and inclusion, contributing to a workforce that recognizes the talents and potential of about 10,000 PwDs annually. This credit serves as a resource for employers to not only enrich their teams but also to make a positive impact on the community by supporting the employment of PwDs.

Enabling Employment Credit (EEC)

Ministry of Manpower | Enabling Employment Credit (EEC)

The Enabling Employment Credit (EEC) is a government initiative designed to encourage employers to hire Persons with Disabilities (PwDs). Firms employing PwDs who have been out of work for at least 6 months will receive enhanced support. This is in addition to the existing wage offset for all PwD employees earning below \$4,000/month. With the EEC, employers can become champions of diversity and inclusion, contributing to a workforce that recognizes the talents and potential of about 10,000 PwDs annually.
